

2019-2

Grade Pre-1

実用英語技能検定

主催：公益財団法人 日本英語検定協会

後援：文部科学省

準 1 級

2019 年 10 月 6 日(日) 実施

■ 試験時間

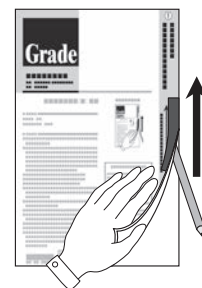

筆記試験 (90分)

リスニングテスト (約30分)

■ 注意事項

1. 合図があるまでシールを破いてはいけません。ミシン目に沿って丁寧に破いてください。問題冊子が破れても交換できません。
2. 試験開始まで、この問題冊子を開いてはいけません。
3. 解答は、HBの黒鉛筆かシャープペンシルを使用して解答用紙(マークシート)に記入してください。筆記①②③・リスニングの解答欄は解答用紙のA面(表面)、筆記④の解答欄は、解答用紙のB面(裏面)にあります。解答用紙以外に記入した解答は、すべて無効となります。問題冊子にはメモをしてもかまいませんが、後で解答用紙に解答を書き写す時間はありません。
4. 問題内容に関する質問は一切受けつけません。
5. 不正行為をした場合は、答案は無効となります。
6. 他の受験者に迷惑をかける行為を禁じます。
7. リスニングテストの準備時間、およびリスニングテスト中に教室外へ出た場合は、その後教室に戻りテストを受けることはできません。
8. 携帯電話などは必ず電源を切ってカバンにしまい、絶対に使用しないでください。
9. 電子機器(ウェアラブル端末を含む)の使用を禁じます。
10. 携帯電話などの着信音・バイブ音、その他試験を妨げる音を発生させた場合は、失格とすることがあります。
11. 試験終了後、問題冊子は持ち帰ってください。
12. 採点結果等については、一切異議申し立てはできません。
13. この試験問題の複製(コピー)を禁じます。また、この試験問題の一部または全部を協会の許可なく他に伝えたり、漏えい(インターネット上に掲載することを含みます)することを禁じます。

問題冊子の開け方

英検ウェブサイト上での合否結果閲覧について

英検協会が運営する「英ナビ!」サイトと連携した新しい合否閲覧サービスをご案内します。従来のサービスより快適に合否結果を閲覧いただけます。

一次試験の合否結果閲覧は10/21(月) 12:00から開始となります。合否結果の公開時間は級別に異なります。

なお、新サービスをご利用いただくためには「英ナビ!」への会員登録が必要です。英検対策に役立つサービスを提供している「英ナビ!」を是非ご利用ください。

(<https://www.ei-navi.jp>)

【本会場で受験の方】

合否結果閲覧には、英検 ID と パスワード が必要です。

◆英検 ID は本人確認票に記載されています。

◆パスワードは本人確認票に記載されています。ネット申込の方は、申込時に使用したパスワードです。

※本人確認票は二次試験でも使用します。試験後も
大切に保管してください。

1

To complete each item, choose the best word or phrase from among the four choices. Then, on your answer sheet, find the number of the question and mark your answer.

- (1) The new employee impressed his colleagues by working (). He finished every one of his assignments ahead of time.
1 incompetently **2** mischievously
3 diligently **4** passively
- (2) It took the scientist two weeks to get to the jungle village where he would be doing research. The last () of the voyage was a long ride up a river in a small boat.
1 segment **2** maze **3** accent **4** elegance
- (3) The () in the nation's economy led to a sudden increase in the unemployment rate. "Times are difficult for everyone," said the president.
1 influx **2** humidity **3** downturn **4** lantern
- (4) The article on Isaac Newton contained a few () details, such as his place of birth and his schooling, but it focused mainly on his scientific discoveries.
1 theological **2** biographical **3** proportional **4** horizontal
- (5) At first, Don was scared of his friend's dog, but when it sat down and began to () its tail, he realized it was friendly.
1 wag **2** stroke **3** peel **4** grind
- (6) The bookshelf was very (), so Ed knew it could support the weight of all of his heavy medical textbooks without breaking.
1 sturdy **2** harsh **3** barren **4** vigilant
- (7) Police have been making () into the man's whereabouts on the night of the theft. They asked his family and friends where he was that night.
1 schemes **2** analogies **3** glaciers **4** inquiries
- (8) Sara's boss was on the phone when she entered his office. He () her presence with a small nod but did not interrupt his conversation to speak to her.
1 launched **2** imitated **3** accelerated **4** acknowledged
- (9) Most of the world's energy resources are (). Gas and oil, for example, are expected to run out sometime this century.
1 ferocious **2** ruthless **3** finite **4** migratory

- (10) **A:** Craig, did they manage to fix that burst pipe at the construction site down the street?
B: Yes, thank goodness. It was () so much water I thought the entire neighborhood would flood!
1 fizzing **2** gushing **3** howling **4** puffing
- (11) After drinking several glasses of wine, Meg began to feel a bit (). She decided to go outside into the fresh air until her stomach felt better.
1 nauseated **2** aligned **3** dispatched **4** corroded
- (12) Although many people are afraid of being attacked by a shark in the ocean, the danger is greatly (). The truth is that you are more likely to be struck by lightning.
1 deflated **2** oppressed
3 complemented **4** overstated
- (13) Morgan's Department Store will hold a special sale at the end of the year. If a customer spends over \$100, the store will () 10 percent from the total.
1 sway **2** deduct **3** charm **4** foster
- (14) These days, low-fat milk is popular, but some people will only drink regular milk. They say the low-fat version is no () for the real thing.
1 denial **2** grin **3** substitute **4** tremor
- (15) There are some disadvantages to Larry's plan for outsourcing production to a foreign country, but the () is that it would save a lot of money.
1 pact **2** upside **3** mold **4** handout
- (16) **A:** What are you doing () down the stairs at this hour, Reggie?
B: I just wanted to get some water, Mom, but I was trying not to wake anyone. I didn't know you were still up.
1 sneaking **2** compressing **3** barking **4** kneeling
- (17) Julietta has won the company's outstanding salesperson award for five () years. The other staff members are impressed that she continues to win it year after year.
1 medieval **2** consecutive **3** vacant **4** feeble
- (18) After receiving an expensive Christmas present from her neighbors, Cassandra felt () to give them something in return, so she bought them a nice vase.
1 obliged **2** wrinkled **3** strangled **4** scattered

- (19) The man's experience living in Italy had been so interesting that, in his later years, he decided to write a () of his life during that time.
1 suite **2** pageant **3** web **4** narrative
- (20) A major accident caused serious () on the highway, as two lanes of traffic were closed for over an hour.
1 testimony **2** visibility **3** congestion **4** drainage
- (21) Bailey had been unhappy at his old school, so his mother was relieved when he began to () in his new one. His grades improved, and he made friends easily.
1 ruin **2** despair **3** suppress **4** thrive
- (22) When Tom first () his idea for a new product, his boss did not seem to like it. He was therefore surprised the next day to hear that his proposal had been accepted.
1 put forth **2** backed off **3** fell under **4** piled up
- (23) *A:* I know the new CEO was hired to () our business, but I think he's moved too many people around.
B: I agree. I hope it won't hurt the company's performance. Over half of the staff have been moved to new departments.
1 pin down **2** give off **3** track down **4** shake up
- (24) Shelly said the cat had knocked the glass off the table, but her father immediately () her story. It was obvious she was lying.
1 saw through **2** won over **3** told on **4** rounded up
- (25) In order to () the best in its employees, the company is offering cash bonuses to those who perform well.
1 level off **2** bring out **3** ease into **4** force down

Read each passage and choose the best word or phrase from among the four choices for each blank. Then, on your answer sheet, find the number of the question and mark your answer.

“Drink Responsibly” Messages

Alcohol producers frequently include messages encouraging people to “drink responsibly” in their advertisements. On the surface, these campaigns appear to reflect companies’ sincere efforts to reduce excessive drinking and other negative behaviors associated with alcohol consumption. Some experts, however, are critical of the ads, pointing out that the messages are frequently written in small letters whose colors blend in with the background. (26), the messages are often contradicted by the images in the ads. One vodka advertisement in the United States, for example, was accompanied by a responsibility message, but the advertisement itself featured a character who appeared to have been enjoying vodka all night.

Another criticism is that the messages are (27). Researchers at the Johns Hopkins Bloomberg School of Public Health, in the United States, analyzed dozens of alcohol advertisements from major magazines and found that 87 percent of the ads contained advice to drink responsibly. None, however, defined what this meant or provided health warnings supported by scientific evidence. In fact, critics say that the messages are simply another way to improve the reputation of the alcohol companies.

Some people also complain that alcohol producers use the ads as a way to (28). Whenever there are proposals to increase alcohol taxes or place limitations on where alcohol can be sold or advertised, alcohol manufacturers argue that such measures are not necessary because they already provide responsibility messages in their advertising. No research, however, has indicated that the responsible-drinking messages have any effect whatsoever.

- | | | |
|------|-----------------------------------|--------------------------------|
| (26) | 1 In exchange | 2 Therefore |
| | 3 On the other hand | 4 Furthermore |
| (27) | 1 only effective for a short time | 2 directed at the wrong people |
| | 3 too vague to be practical | 4 often quite frightening |
| (28) | 1 criticize other brands | 2 identify loyal customers |
| | 3 put blame on the government | 4 avoid regulation |

Dog Colors

A recent study of Labrador retrievers has revealed that chocolate-colored Labradors are more likely than Labradors of other colors to suffer from ear infections and skin diseases. It also found their average life expectancy is about 10 percent shorter. According to the research team, (**29**). Ear infections and skin diseases both cause inflammation—a condition where the body tries to repair cellular damage, and which is characterized by swelling, increased temperature, and pain. Inflammation is harmful in the long term, and studies in humans have shown that people with inflammation tend to die younger than others.

The researchers believe color-related health problems in Labradors result from breeding by humans. Both parents must have the gene for the chocolate color in order to produce a chocolate Labrador, so there are fewer dogs available for breeding, and this limited population of dogs likely has more genes that are associated with ear infections and skin problems. (**30**), a gene found in dogs with blue eyes and a white coat can increase rates of deafness, while another gene, which gives dogs a pale, spotted coat, has been linked with high rates of blindness and deafness.

Other studies have found that a dog's color (**31**). In a study of English cocker spaniels at the Autonomous University of Barcelona, researchers discovered a relationship between melanin—a substance that affects a dog's coloring—and other chemicals that affect the dog's brain. The study found that, among English cocker spaniels, which are known to be an aggressive breed to begin with, golden-colored ones are even more aggressive than others.

-
- (29) **1** the problem can be easily solved **2** these facts are likely connected
 3 health is not the only concern **4** this trend is spreading
- (30) **1** Instead **2** Similarly **3** Even so **4** In short
- (31) **1** can be related to its behavior
 2 is not as important as its breed
 3 can be difficult to assess
 4 has less significance in other breeds

Read each passage and choose the best answer from among the four choices for each question. Then, on your answer sheet, find the number of the question and mark your answer.

Dracula Tourism

The Transylvania region of Romania is generally associated with Dracula, the mythical vampire from Bram Stoker's famous 1897 horror novel. Although Stoker never visited the region, his descriptions of Transylvania's ancient forests and mysterious castles, along with the popularity of the Dracula character, established Transylvania as a destination for Dracula fans. In the 1960s, they began visiting the region in hope of experiencing the culture that had given rise to the legend. They were generally disappointed, however, as most residents of the region were unfamiliar with Stoker's novel or vampire tales. Even so, the number of tourists kept rising.

Interest in Dracula tourism later increased as a result of Raymond T. McNally and Radu Florescu's 1972 book, *In Search of Dracula*, which made a strong connection between Dracula and Vlad III, a fifteenth-century ruler known for his cruel and severe law-enforcement tactics. This went against official history, which promoted Romania's identity as an independent Communist country by presenting Vlad III as a powerful leader who successfully defended his land against outside threats. The Dracula legend also made Transylvania seem backward, superstitious, and frightening, and this contradicted the modern, industrialized image the country hoped to convey. Therefore, in the early 1970s, Romanian officials decided against encouraging Dracula tourism in spite of its potential economic benefits.

Fans continued to visit the region, however, and private businesses quietly began offering services designed to appeal to their interests. What is more, the collapse of Communism in 1989 weakened official opposition to Dracula tourism. More recently, Romania's Ministry of Tourism decided Dracula's value as a means of improving the economy through tourism was too great to ignore. The national tourism website now features information about Dracula-related sites and activities. However, it is strongly biased toward historical fact, emphasizing sightseeing attractions in the region that have a connection to actual events.

- (32) The earliest Dracula fans visiting Transylvania
- 1 discovered that the way Bram Stoker had described Transylvania based on his experiences was surprisingly accurate.
 - 2 found the locals willing to share regional tales about vampires and Dracula despite opposition from authorities.
 - 3 experienced hostility from residents of Transylvania who were afraid of their history becoming public.
 - 4 found that few local people had any knowledge about the topic that had drawn them to visit the region.
-
- (33) What was one reason Romanian officials did not want to support Dracula-themed attractions in the early 1970s?
- 1 Advertising a character who was based on Vlad III would suggest there was official praise for the acts he committed.
 - 2 Vlad III's negative image abroad meant that such attractions would likely be unpopular with tourists.
 - 3 Promoting the Dracula legend would create an image of Vlad III that differed from the one the government wanted to show.
 - 4 Allowing people to learn more about Vlad III's actions would cause interest in the Dracula legend to decrease.
-
- (34) What best characterizes the current stance of the Romanian government toward Dracula tourism?
- 1 Authorities will not allow the use of Dracula to promote tourism until all historical details relating to the legend are corrected.
 - 2 Tourists to Romania are encouraged to visit areas that have no connection to either the Dracula legend or Vlad III.
 - 3 The Ministry of Tourism disagrees with other ministries about whether promoting Dracula is good for the country.
 - 4 While recognizing Dracula's appeal to tourists, officials direct them to places of interest with a historical focus.

Lightning Strikes and Ships

Clouds often form around particles called aerosols. These tiny particles attract water vapor, causing water droplets to form. When there are fewer aerosols present, water vapor molecules in the air have fewer particles to form around, so each individual water droplet tends to be larger and heavier. Such large droplets create low clouds that release warm rain. When aerosols are present in greater numbers, however, the water droplets are smaller, and there are more of them. And because these droplets are lighter, they can be lifted high enough in the atmosphere that they turn to ice. When this happens, they make contact with other frozen droplets and generate electricity, which is released as lightning. In a thunderstorm, each flash of lightning contributes to producing a harmful greenhouse gas. This fact, along with the harm done to human life and property by lightning strikes, has been motivating scientists to examine the effect of human activities on storm intensity and lightning frequency.

In recent years, a number of data-gathering networks have been established which detect lightning strikes and determine their frequency and location. In reviewing data from one such network, which uses a global system of low-frequency radio receivers to gather lightning data, atmospheric scientist Katrina Virts noticed an almost straight line of strikes occurring across the Indian Ocean between Sri Lanka and the Indonesian island of Sumatra. This line matched the path of one of the world's busiest shipping routes. Virts and her colleagues then analyzed the locations of 1.5 billion lightning strikes from 2005 to 2016. They found that powerful storms with frequent lightning strikes were almost twice as likely to occur in two of the busiest shipping routes across the northern Indian Ocean and the South China Sea.

When they examined patterns of ships' engine emissions from a global database, Virts and her colleagues found that aerosols in the atmosphere above the two shipping routes were more numerous than those above nearby waters with less shipping activity. Engine emissions contain tiny carbon particles and compounds of nitrogen and sulfur that act as aerosols. When out in the open ocean—and therefore not subject to nations' emissions regulations—most ships continuously burn a cheap, dirty type of fuel, which releases large amounts of these particles into the air. This results in the formation of numerous storm clouds. The researchers say their findings are evidence that man-made causes are increasing the frequency of lightning and the intensity of storms on an ongoing basis.

(35)

The process by which clouds produce lightning

- 1** must involve particles that are both large and warm enough to create electricity in a cold environment.
- 2** is more likely to occur when water vapor turns into a relatively small number of water droplets in the atmosphere.
- 3** requires water droplets to rise to a height where they freeze and create electricity through contact with each other.
- 4** can happen only when greenhouse gases are present in areas of the atmosphere that are not already heavily polluted.

(36)

What is true of the network described in the second paragraph?

- 1** It showed that lightning strikes were especially frequent in certain areas over the Indian Ocean and the South China Sea.
- 2** It was established to compare the intensity of storms occurring over land with those occurring over water.
- 3** It led to the discovery that storms which produce lightning become less powerful as they pass over busy shipping routes.
- 4** It helped researchers find that lightning strikes are twice as common over the Indian Ocean as they are over the South China Sea.

(37)

What is one conclusion that can be made based on Katrina Virts's study?

- 1** Laws designed to protect the environment from carbon emissions are being broken.
- 2** Changes in cloud patterns caused by emissions have been less significant than other man-made changes in the atmosphere.
- 3** Fuel burned by ships affects cloud formation less than the aerosol particles that naturally exist over the open ocean do.
- 4** The large numbers of particles released into the atmosphere by ships in the open ocean are consistently affecting the weather.

Is It Time for Universal Basic Income?

In 1516, Sir Thomas More wrote *Utopia*, a novel about the political and social systems of an imaginary ideal nation. More addressed the issue of poverty by having one of the main characters exclaim, “No penalty on earth will stop people from stealing, if it’s their only way of getting food. . . . It would be far more to the point to provide everyone with some means of livelihood.” Over 500 years later, income inequality and economic insecurity are still major problems, having become deep-rooted consequences of modern capitalism. This situation has inspired some economists and political strategists to look to More’s *Utopia* for guidance.

Universal basic income (UBI), the idea of providing everyone in society with a minimum income that would cover basic needs, regardless of employment status or living circumstances, is being tested around the world. Supporters argue this approach could eliminate poverty in society. UBI would provide money for things like food, shelter, and clothing, and, in the process, reduce stress on economies by increasing individuals’ buying power. Malnutrition and homelessness—two of the worst and most widespread effects of poverty—would also drop. Research has shown well-nourished children perform better in school and have fewer behavioral problems, and students are better able to make consistent academic progress when they have stable living circumstances. Supporters also note that adults who do not need to work multiple jobs to make ends meet can focus on such things as starting their own business or learning new skills to increase employment opportunities.

Critics of UBI argue that recipients would quit their job because there would be less incentive to work, and that they would spend their “free money” not on basic necessities but on vices such as drinking and gambling. Other criticisms of UBI are that it would encourage employers to decrease wages, that it would take government money away from essential social programs, including food assistance, and that the cost would simply be too high for governments to manage. Indeed, experts estimate countries could need to spend up to 35 percent of their gross domestic product to cover UBI for all their citizens. However, supporters insist that, because UBI would decrease the need for other social programs, government spending on healthcare, food assistance, and unemployment would fall.

Countries and cities around the world are experimenting with various small-scale versions of UBI. In a 12-year UBI trial in Kenya, all adults in some rural communities began receiving \$22 every month from an aid organization. Initial findings show the majority of UBI recipients in Kenya invested this income in small businesses, children’s school fees, medicine, and necessities. Very few spent the money on dead-end pursuits such as drinking and gambling; in fact, most reduced their spending on such things, and explained that the prospect of having a brighter future encouraged them to be more responsible. Research also shows that, since the experiment began, people have been working more and making investments to increase their wealth. Although the results are encouraging, even proponents of UBI agree further study is necessary to determine how practical the idea would be on a broader scale.

- (38) According to the author of the passage, why have some economists and political strategists found Sir Thomas More's novel *Utopia* useful?
- 1 Nations today can benefit by studying how the social policies described in the novel harmed the imaginary nation's economy.
 - 2 More's view about how the degree of punishment should match the seriousness of the crime is relevant to modern society.
 - 3 Many modern social welfare policies are actually based on the ideas that were explained in it.
 - 4 More's idea of addressing poverty by giving people a way to meet their most essential needs may be helpful in today's world.
-
- (39) What claim do some people make in support of universal basic income?
- 1 The fact that poverty is declining rapidly means that providing UBI will cost less than it did in the past.
 - 2 Increasing funding for education is the first step governments should take to help citizens find better-paying employment.
 - 3 Improving the living standards of individuals would ultimately have large-scale beneficial effects on society as a whole.
 - 4 Solving the problem of homelessness is the most important issue for developed countries to address if they hope to end poverty.
-
- (40) One argument made against UBI is that
- 1 the financial cost of addressing the rise in alcohol abuse and gambling resulting from UBI would cancel out the economic benefits.
 - 2 in order to pay for it, government spending on important social services would have to be reduced.
 - 3 raising the income of certain people while not giving financial assistance to others would worsen existing divisions in society.
 - 4 it would increase competition in certain areas of the job market and therefore have a harmful effect on the poor.
-
- (41) What was observed in the UBI experiment in Kenya?
- 1 The beneficial effects of the program were limited to people who had the most serious drinking or gambling habits.
 - 2 Many recipients lost money because of bad investments, though a few seem likely to profit from the program in the long term.
 - 3 Aid workers praised the program, though they expressed concern that it would result in an increase in the prices of some basic necessities.
 - 4 The overall spending habits of those who received funds are evidence that people are unlikely to waste the money they receive.

4

English Composition

- Write an essay on the given TOPIC.
- Use TWO of the POINTS below to support your answer.
- Structure: introduction, main body, and conclusion
- Suggested length: 120–150 words
- Write your essay in the space provided on Side B of your answer sheet.
Any writing outside the space will not be graded.

TOPIC

Agree or disagree: High school education in Japan needs to be improved

POINTS

- *Curriculum*
- *Globalization*
- *Pressure on students*
- *Quality of teaching*

MEMO

Listening Test

There are three parts to this listening test.

Part 1	Dialogues: 1 question each	Multiple-choice
Part 2	Passages: 2 questions each	Multiple-choice
Part 3	Real-Life: 1 question each	Multiple-choice

※ Listen carefully to the instructions.

Part 1

- No. 1**
- 1** Assist Callum in getting a job.
 - 2** Redecorate Callum's apartment.
 - 3** Try to find a decorator for Callum.
 - 4** Help Callum search for a new apartment.
- No. 2**
- 1** Consider another school for their son.
 - 2** Enroll their son in Cumberland.
 - 3** Get a loan to pay for tuition.
 - 4** Consult with the other parents.
- No. 3**
- 1** He got lost going to the park.
 - 2** He was not e-mailed about the location.
 - 3** He had a last-minute appointment.
 - 4** He went to the wrong place.
- No. 4**
- 1** He had to talk in front of many people.
 - 2** He made a big mistake during the interview.
 - 3** The interviewers asked some difficult questions.
 - 4** There were a lot of candidates for the job.

- No. 5**
- 1** Order the coat he wants.
 - 2** Keep shopping around.
 - 3** Take the gray coat.
 - 4** Try on a different style.
- No. 6**
- 1** He does not jog anymore.
 - 2** He exercises more regularly now.
 - 3** He has just started a new diet.
 - 4** He is too busy to work out these days.
- No. 7**
- 1** Have his car fixed.
 - 2** Stay home from work.
 - 3** Call the bus company.
 - 4** Get Jan to give him a ride.
- No. 8**
- 1** Give the man her current address.
 - 2** Have the man call her new bank.
 - 3** Make a deposit at her current bank.
 - 4** Find out the address of her new bank.

Listening Test

- No. 9**
- 1** The gift she bought may be unsuitable.
 - 2** She should have spent more on the gift.
 - 3** Cheryl has already received a blanket.
 - 4** She cannot find the receipt for the blanket.
- No. 10**
- 1** He does not enjoy visiting his wife's father.
 - 2** He should have gone with his wife.
 - 3** The nursing home is too far away.
 - 4** His wife should spend time with her father.
- No. 11**
- 1** Play golf with her more often.
 - 2** Avoid playing golf on windy days.
 - 3** Buy some new golf clubs.
 - 4** Take golf lessons.
- No. 12**
- 1** Visit his parents.
 - 2** Wait at a restaurant.
 - 3** Join the woman on her errands.
 - 4** Get some tickets for the concert.

Part 2

(A) *No. 13*

- 1** Building dams to block rivers.
- 2** Digging deep beneath the ground.
- 3** Drilling holes in rocks.
- 4** Separating gold from lighter materials.

No. 14

- 1** Where the level of a river suddenly changes.
- 2** Where the current of a river is strongest.
- 3** Where a river suddenly becomes narrower.
- 4** Where a river is shallow and wide.

(B) *No. 15*

- 1** The Belgian Neanderthals were more intelligent.
- 2** The Belgian Neanderthals ate mostly meat.
- 3** The Spanish Neanderthals tended to live longer.
- 4** The Spanish Neanderthals were better at fighting.

No. 16

- 1** They were very few in number.
- 2** They caught few diseases.
- 3** They treated some of their own health problems.
- 4** They rarely suffered from stomach problems.

Listening Test

- (C)** **No. 17**
- 1** She rarely disagreed with her husband.
 - 2** She had always wanted to become empress.
 - 3** She tried to avoid some of her royal duties.
 - 4** She relied on support from her mother-in-law.

- No. 18**
- 1** She volunteered at a hospital in Hungary.
 - 2** She donated all her wealth to them.
 - 3** She helped to improve their legal situation.
 - 4** She made it easier for them to enter Austria.

-
- (D)** **No. 19**
- 1** Standing meetings took longer than sit-down meetings.
 - 2** Standing meetings had little impact on decisions.
 - 3** Participants preferred sit-down meetings.
 - 4** Sit-down meetings helped people to be creative.

- No. 20**
- 1** They may be unfair to some participants.
 - 2** They can encourage people to be too casual.
 - 3** They may harm young people's physical health.
 - 4** They can lead to lengthier negotiations.

- (E)** **No. 21**
- 1** They eat more than horses.
 - 2** They can move over difficult ground.
 - 3** They cannot pull heavy wagons.
 - 4** They have relatively poor eyesight.

- No. 22**
- 1** They sometimes attacked wagon drivers.
 - 2** They often suffered leg injuries.
 - 3** They required large amounts of water.
 - 4** They sometimes refused to obey orders.

-
- (F)** **No. 23**
- 1** Customers want products that last.
 - 2** Market research is unnecessary.
 - 3** Advertising should explain concepts simply.
 - 4** Products should be made from recycled materials.

- No. 24**
- 1** Focusing on design details.
 - 2** Listening to advice from financial experts.
 - 3** Keeping investors happy.
 - 4** Sharing technology with each other.

Listening Test

Part 3

(G) No. 25

Situation: You teach part-time at Sunset English School, but you are not available on Thursdays or Fridays. The school manager leaves you a voice mail.

Question: What should you do?

- 1** Teach the advanced class on another day.
- 2** Wait a month before beginning the advanced class.
- 3** Ask the school to find another teacher.
- 4** Teach an intermediate class on Mondays.

(H) No. 26

Situation: You call about a newspaper subscription. You want to read the daily news online and get printed copies of just the weekend edition.

Question: Which plan should you choose?

- 1** The Net Special Plan.
- 2** The Premium Plan.
- 3** The Informed Plan.
- 4** The Comprehensive Plan.

(I) No. 27 **Situation:** You attend an orientation for first-year students at a UK university. You will study for a biology degree, and you already have a student ID card.

Question: What should you do now?

- 1** Remain where you are.
- 2** Go to Vernal Hall.
- 3** Go to Baxter Auditorium.
- 4** Return to the main building.

(J) No. 28 **Situation:** You are at a bakery choosing a dessert for a dinner party you will host at home. You are allergic to dairy products, and one guest cannot eat nuts.

Question: Which dessert should you choose?

- 1** The Peach Paradise Pie.
- 2** The Stars-and-Stripes Apple Cake.
- 3** The Turtle Clusters.
- 4** The Carrot Cake Delight.

(K) No. 29 **Situation:** You are an engineer. You want to change jobs but cannot accept a lower salary. A recruitment consultant tells you the following.

Question: Which company should you apply to?

- 1** MasterTech.
- 2** Blau Industrial.
- 3** QCS Systems.
- 4** Redwin.

■一次試験の結果について■

1) 英検ウェブサイトでの解答速報 (<http://www.eiken.or.jp>) 10月7日 13:00以降

2) 結果通知方法

◆個人申込みの場合

一次個人成績表に可否結果を記載して、10月29日までに送付します（合格の場合は、一次個人成績表の右上部分が二次受験票になります）。未着の場合は10月29日以降に英検サービスセンター03(3266)8311（平日9:30～17:00）までお問い合わせください（お問い合わせの際には個人番号もお知らせください）。

◆団体申込みの場合

一次個人成績表は10月29日までに申込責任者あてに送付します（個人あてには送付しません）。

10月30日までに二次受験票を受け取っていない場合は、申込責任者へお問い合わせください。

■二次試験について（一次試験合格者のみ）■ ※試験日程は必ずご自身で事前にご確認ください。

1) 試験日 A日程：11月3日(日) B日程：11月10日(日)

- ・二次試験の受験日は、A日程・B日程のうち、申込方法・希望受験地等に基づき協会が指定します。試験日・受験会場・集合時間は二次受験票（一次個人成績表の右上部分）で通知します。これを切り離して受験会場にお持ちください。
- ・いかなる場合も二次受験票で指定された試験日・受験会場・集合時間での受験となり、変更はできません。
- ・日程区分については、英検ウェブサイトの【二次試験のA／B日程の区分けについて】をご確認ください。
- ・ダブル受験（隣接した2つの級を一緒に受験）の場合、それぞれの級について二次受験票に記載の日程での受験となり、級により異なる日程での受験となる場合があります。
- ・年齢は申込時に申請した生年月日に基づいて算出します（一次試験の答案に異なる生年月日を記入されても反映されません）。
- ・申込情報に不備がある場合、協会が指定した日時での受験となり、【二次試験のA／B日程の区分けについて】のとおり日程とならない場合があります。
- ・一部特別会場（海外・離島等）、障がい者特別措置にて二次試験を受験する場合についてはA日程とします。

2) 受験地（希望の受験地を選べます）

- ・下記の二次試験受験地番号表をみて、希望の受験地番号を解答用紙（準会場で受験している場合は志願票）の所定欄に記入・マークしてください。
