September 2nd

Dear Yuki,

How are you? I enjoyed your long letter. It sounds like you had a great summer vacation. I really liked the photos of your family's trip in August. You said it was your first time to visit Hokkaido. It looks very beautiful there. I hope I can visit Japan someday.

The school year starts in September in Canada, so I go back to school on September 5th. I'll be in the 7th grade. Last April, you sent me pictures of your new junior high school. You were wearing a uniform. I think it looked very nice. We don't have uniforms at my school. We can wear different clothes every day. I needed some new clothes to wear to school, so my mother took me to a shopping mall last weekend to get some. I got some sweaters and a coat because it is cool here in fall. I got two pairs of jeans, too. I usually wear blue jeans to school.

You said you are in the English club. This year, I'm going to start learning Spanish, so I'm going to join the Spanish club. The club has meetings once a week. I like playing tennis, so I thought about joining the tennis team. But I really want to do well in Spanish class, so I decided to join the Spanish club instead. Please write again soon.

Your pen pal,
Beth

October in Circleville

In the United States, pumpkins are very popular in fall. In October, many people use them as decorations* for Halloween. The city of Circleville in Ohio even has a special festival called the Circleville Pumpkin Show. Only about 13,000 people live there, but more than 400,000 people come to the festival every year.

The Pumpkin Show was started by George Haswell. In 1903, he was the mayor* of Circleville, and he asked farmers to display* their vegetables in front of his house. People liked the idea, and the next year, shops in Circleville helped him. Now it is one of the biggest festivals in America. It is held every October and lasts for four days. People don't need to buy tickets, so it is a great festival for families.

At the festival, there are cakes, ice cream, and many other foods made with pumpkin. More than 100,000 pumpkin doughnuts are sold. Every year, Lindsey's Bakery makes a special pumpkin pie. It is very big and weighs* about 180 kilograms. The pie is put in the shop's window, but it isn't sold. After the show, it is given to farmers to use as food for their pigs.

High school bands take part in parades on Main Street, and people can enjoy pie-eating contests and other fun events. There are also prizes for the heaviest fruits and vegetables. In 2007, Robert Liggett won first prize for the pumpkin he grew. It was 692 kilograms.

The people of Circleville are proud of their festival and look forward to this exciting event every year.
